ATHENS COLLEGE

HISTORY

ATHENS COLLEGE was projected in October, 1842, at a session of the Tennessee Annual Conference held at Athens. In 1843 the Legislature of Alabama granted a charter incorporating the Female Institute of the Tennessee Annual Conference.

In 1870, the North Alabama Conference was organized. Athens, with all the northern part of the State of Alabama, came into the boundaries of that conference. All church property in the territory formerly held by the Tennessee Conference was also transferred to the North Alabama Conference. In 1872, the charter was amended, the name being changed to Athens Female Institute. In 1889, the charter was amended again, and the name changed to Athens Female College. In 1915, the charter was again changed and the institution was called Athens College for Young Women, Athens, Alabama. In 1931, the Board of Trustees voted to admit local boys. Gradually, it has grown into a regular coeducational institution and goes by the name of Athens College, Athens, Alabama.

In 1913, Athens College was recognized as a standard college of A-grade by the General Board of Education. It has held this grade continuously since that date. Its students are admitted for postgraduate work to the leading universities, and the undergraduate work of Athens College has won a place of esteem through the students who have taken advanced degrees in these universities.

Although not a member of the Southern Association, it has individual accreditation with most of the larger colleges and universities.

The endowment campaign completed in Dec. 1944 has enabled us to make application for full membership in the Association.

Athens College has sent missionaries to every field in which the Methodist Episcopal Church, South, has entered. Its sons and daughters fill leading social and educational positions in America.

A T H E N S C O L L E G E

LOCATION

The college is situated in the town of Athens, and its location could not be improved upon for natural beauty and surroundings conducive to the best advantages for study. Athens has been noted for its high educational tone since antebellum days. This air of refinement, with that of modern progressive ideals, makes Athens desirable as an educational center. It is situated near the foothills of the Cumberland Range, having some nine hundred feet of elevation. The main line of the Louisville and Nashville Railroad accommodates the town with north and south-bound passenger trains daily, which make convenient connection at Decatur, fourteen miles south of Athens, with east and west bound trains. The campus consists of more than thirty acres of rolling ground, amply beautified with magnificent trees, shrubbery, and convenient walks. It is provided with tennis and ball courts.

Athens College is forty-five miles from Muscle Shoals, the most widely advertised spot on the American Continent.

BUILDINGS

FOUNDERS HALL

This building, erected in 1842, presents a front of some 140 feet, supported by magnificent Ionic columns. Three wings added at later periods, with ivy-clad walls, extend to a depth of about 160 feet. In Founders Hall centers the life of the college, as, in addition to students' rooms, it contains administrative offices, reception rooms, library, dining hall, and classrooms.

FLORENCE BROWN HALL

This dormitory is of colonial architecture, with Ionic columns across the north front, and is equipped with all modern conveniences. It was built in 1909 as a memorial to Miss Sarah Florence Brown in appreciation of her loyal service to the college.

A T H E N S C O L L E G E

McCANDLESS HALL

McCandless Hall, erected in 1912, was made possible through the generosity of the local citizenship and of the North Alabama Conference. It stands as a monument to the spirit of real culture which permeates the atmosphere of the town. The building accommodates the Department of Music and Fine Arts. It is conveniently arranged with studios and practice rooms, and contains a large auditorium, with pipe organ and a seating capacity of about seven hundred, perfectly equipped in every way, and a stage amply able to accommodate all college and visiting entertainments. The hall is easily accessible to the other buildings. It is named in honor of Miss Kate Leslie McCandless, formerly Director of Music in Athens College.

SANDERS HALL

This building, built in 1924, is a three-story brick dormitory, 130x42 feet, practically fireproof, steam heated, with running water in each room. Baths, showers, kitchenette, and a small laundry room are on each floor, and there are four attractive parlors on the first floor. This building will accommodate eighty-six persons, and is one of the most up-to-date dormitories to be found anywhere. It is named in honor of Hon. W. T. Sanders, deceased, former President of the Board of Trustees.

BOYS' DORMITORIES

Comer Cottage and the *Chandler Home* are two large homes that have been converted into dormitories for boys. These can accommodate sixty-five boys. The third floor of McCandless Hall also accommodates about thirty boys.

RIVERS HALL

The Business Science and Mathematics are taught in Rivers Hall. This building is named in honor of Reverend R. H. Rivers, D.D., who was the first president of the college. It was made as an elementary school building and later used as an academy for the college. Rivers Hall, although small, has well-equipped classrooms and an attractive campus.

A T H E N S C O L L E G E

HEATING PLANT

The heating plant is housed in a neat brick building 40x60 feet. A battery of four boilers supplies sufficient steam pressure to heat all buildings on the campus and to give an ample supply of hot water. This plant, erected in 1912, is considered one of the best constructed in this part of the State.

GYMNASIUM AND SWIMMING POOL

This building, erected in 1918 through the untiring efforts of the students and trustees of Athens College, contains a handsome gymnasium and swimming pool. It is equipped with shower baths, hot and cold water. The pool can be used throughout the year, the water being heated by steam from the central heating plant.

INDUSTRIAL PLANT

In the year 1939-40, the college built the first unit of a four-unit silk hosiery mill. This building, 60 ft. x 119 ft., is located on the college campus, is of brick veneer construction, air-conditioned, and has the last word in lighting equipment. The purpose of this plant is to furnish work for boys and girls who are in need of help to go to college. At the present time work is provided for 200 girls and boys to earn all their college expenses.

LIBRARY

The library consists of between eleven and twelve thousand volumes, carefully selected, so distributed that every department of work in the college has a substantial working library. Several new reference works were added the past year. Money is now being raised to erect a library building at the end of the war.

INFIRMARY

The most rigid sanitary conditions are maintained in the school. The infirmary is commodious, light and airy. An experienced nurse and the college physician are in charge of the infirmary. In case of illness, the patient could not receive better attention in

A T H E N S C O L L E G E

a hospital. *In cases of protracted illness, the patrons will be charged with the actual amount of expense incurred by the college.* Proper attention to a well-balanced diet and regular habits enable the students to gain in health while they are in attendance at the school. *In order that this high standard of health may be maintained, parents are urged to coöperate with the administration by refraining from sending boxes of eatables.*

DINING ROOM

The dining room is under the direction of a trained dietitian, who sees that an abundance of well-prepared food is served at each meal. The food is wholesome, abundant, and well balanced, and is served in family style, although in relays due to an overcrowded condition.

General Regulation

CONDUCT AND DISCIPLINE

In matters of personal conduct, students of Athens College are expected to be self-governing, acting as responsible citizens of a Christian community. Every effort is made to stimulate the student to the best work and to the most enjoyable play, but it is impossible to undertake responsibility for the direction of students who are not in sympathy with the purposes of the college. A student antagonistic to the spirit and methods of the institution, or who is failing to accomplish the objectives of college attendance, will automatically sever connection with the college and will be requested to resign.

The college does not tolerate drinking, gambling, nor hazing in any form. Anyone found guilty of indulging in these will be dismissed from school. The faculty reserves the right to decide whether the offense is sufficient to warrant withdrawal of credits and the receiving of dishonorable dismissal or permitting the student to voluntarily withdraw.

Athens College is on a quarter system. The unit of measure of the credit hour is the quarter hour which means a subject pursued in class one hour a week for twelve weeks. Most courses carry five quarter hours credit, meeting five times per week for twelve weeks. Some courses, such as Bible, Physical Education, Religious Education, and the Fine Arts courses, are offered two and three times a week and carry corresponding credit.

REGISTRATION

For time of registration see calendar, page 3. Students registering other than Registration date set, either early or late, will be charged a fee of \$2.50 in cash.

No credit will be given in a course for which a student has not been *officially* registered.

In registering for any quarter, the student must give precedence to prescribed courses in the order in which they are arranged in

A T H E N S C O L L E G E

the curricula. After a student's program of courses has been approved at the beginning of each quarter, it may not be changed except upon the written approval of the instructors concerned and of the Dean. A charge of \$1.00 in cash is made for any change in schedule after one week. Any course dropped after the beginning of the third week of a quarter, or without official permission, is regarded as a failure and is so recorded.

CLASS AND CHAPEL ATTENDANCE

Regular attendance upon all college exercises is required—classes, laboratory sessions, chapel services. Upon the student rests the responsibility for securing all assignments of work to be done and for accomplishing promptly the work assigned.

Three times tardy for a class, unless excused by the instructor, shall be regarded as equivalent to one absence.

CUTS

1. *Defined.*—Any absence from class, from chapel or from convocation, or from any activities organically belonging to any one of these, is a cut.

2. *Number Permissible.*—Three cuts are allowed per quarter in each five-hour course, two in each three-hour course, and two in chapel and convocation considered together.

The above absences represent unexcused absences without penalty more than the loss of grades.

After the catalog number of unexcused absences has been used up, a student taking another unexcused absence will have to report to the Bursar's Office and pay a charge of \$1.00 in cash for *each* additional unexcused absence before he can reenter class. If cuts are in chapel and convocation, the \$1.00 must be paid to reenter *any* class.

All excused absences may be made up and a grade received on same, but if not made up, grade is cut.

An absence is interpreted to mean being away from the regular class period regardless of whether the work is made up beforehand or afterward.

A T H E N S C O L L E G E

Cuts before and after a holiday shall be counted as double cuts.

Continuous absence due to illness or other causes will be handled entirely at the discretion of the Dean. Large blocks of absences must be dealt with by the Dean in subtracting hours from the total amount made during the quarter.

No absence is excused after one week from date it occurred.

Three cases of tardiness will constitute an absence. Excused tardiness will be considered excused absence, unexcused tardiness, unexcused absence.

PHYSICAL EDUCATION

The purpose of this training is to keep the students in first-class physical condition and to lead them to appreciate the value of regular habits of physical exercise in promoting good health. All students are required to take physical training, devoting two hours per week to some form of healthful exercise. One hour of credit is given for two hours of work. (See Physical Education, page 34.)

SCHEDULE FOR THE WEEK

Most of the classes meet regularly five times each week, beginning on Mondays. As a rule, laboratory work will be done in the afternoons.

CLASSIFICATION OF STUDENTS

Students are classified as follows:

Freshmen.—Those who meet the admission requirements and who are carrying twelve or more hours of work.

Sophomores.—Those who have one-fourth their quantity points and one-fourth their quality points off.

Juniors.—Those who have one-half their quantity points and one-half their quality points off.

Seniors.—Those who lack no more than fifty quarter hours and fifty quality points.

Special Students are those who are not candidates for degrees, or those who are registered for less than twelve hours of work. Such students must meet the entrance requirements of the Alabama Association of Colleges.

A T H E N S C O L L E G E

GRADING SYSTEM

After the end of each quarter, final examinations are given. The final grade of each student, however, is not dependent wholly on the final examination, but upon a summation of daily work, tests, laboratory work, notebooks, and other work, required or voluntary, together with the final examination. The resulting grades are indicated by letters as follows:

A denotes excellent; B, good; C, average; D, passing; E, conditioned; F, failed to pass; I or Inc., incomplete. A condition may be removed by examination; or, in case of a continued course, a condition on the first quarter's work may be removed by making C on the second quarter. If a condition is not removed within one year from the time it is made, it becomes a failure. A condition removed shall not yield a grade higher than D.

Usually from five to fifteen per cent of the students make A; fifteen to thirty per cent of the students make B; thirty to sixty per cent of the students make C; fifteen to thirty per cent of the students make D; five to fifteen per cent of the students make E or F.

QUALITY CREDITS

A secures three quality credits per quarter hour of instruction, B secures two quality credits, C secures one quarter credit, and D secures none per quarter hour of instruction. Every F will deduct 1 quality credit per quarter hour carried by the course.* For GRADUATION 195 QUALITY CREDITS ARE REQUIRED.

Any student who fails to make *five quarter hours* of the work carried through a quarter is automatically dropped from college. The student may be reinstated if after making application to the faculty two-thirds of the faculty vote for reinstatement. A regular student who fails to pass ten hours of work will be registered conditionally for the next quarter's work.

*If a course is taken over and passed, no deduction is made for the first failure.

A T H E N S C O L L E G E

AMOUNT OF WORK TO BE CARRIED AT ONE TIME

No student is classified as a regular college student who does not do at least ten hours of classroom work a week. No degree student will be allowed to take less than twelve nor more than eighteen hours of classwork, except by special permission from the Dean. The maximum number of hours for a Freshman is seventeen. The average student load is sixteen hours.

COLLEGE CREDIT FOR SPECIAL COURSES

Twelve hours in Art may be presented toward A. B. A major may be taken in music and speech.

SPECIAL EXAMINATIONS

Special examinations to remove conditions may be taken any time after the lapse of three weeks in the next quarter, subject to the approval of the instructor concerned. Only one examination may be taken to remove a condition. A fee of three dollars, payable in advance at the Business Office, is charged for each special examination.

All unexcused absences from tests and examinations count as failures and are so recorded.

A COMPREHENSIVE EXAMINATION

During the last quarter of the senior year, a complete review course is offered in each major. The purpose of this course is to prepare the student for a final comprehensive examination over the entire work of her major subject. One must pass this examination before being given credit for having completed the major work, regardless of grades made on each course separately.

MAJORS AND MINORS

At the beginning of the Sophomore year, each student who is a candidate for a degree shall select a leading subject to be known as the major study. The major must consist of courses pursued in one department of the college or in a combination within one

A T H E N S C O L L E G E

general field. A minor subject shall be chosen by the close of the Sophomore year.

A major shall require 40 quarter hours credit—a composite major 45 hours exclusive of the educational course in the teaching of that subject. English shall be treated as a composite major. A minor shall consist of 30 quarter hours credit. In case of a composite major in science, at least 20 hours in one science must be presented and the balance in two other sciences, totaling 45 quarter hours.

Students may major in the following subjects for a degree: English, any *one* Romance Language, Mathematics, Biological Sciences, Physical Sciences, History, Social Studies, Speech, Music, Commerce, Religion, Education and Physical Education. A student majoring in Education or Physical Education must also take another major. Majors in Speech, Commerce, and Music are not required to have credit in mathematics. However, students wishing to qualify for an Alabama teacher's certificate must choose one of the following majors: English, one Romance Language, Physical or Biological Sciences, or a combined major in the two, History, Mathematics, Social Studies, Speech, and Commerce. All of these majors, with the exception of Speech and Commerce, require mathematics for a degree.

A combined major is approved for those planning to teach science in high school. Those majoring in any course must have at least fifteen hours in the courses numbered 20 or above in that course.

Admission of Students

METHODS OF ADMISSION

All correspondence with reference to admission should be addressed to the President of the College. A blank for statement of the applicant's preparatory work can be secured by writing to the Registrar. This blank must be filled out and mailed before matriculation.

There are two methods of gaining admission to the Freshman class :

1. *By Certificate from Accredited Schools*
2. *By Certificate from a Nonaffiliated School
with examination*

SPECIAL STUDENTS

Candidates of mature age, not less than twenty years old, are admitted without examination to courses in which they are prepared to do special work, according to the regulations prescribed for special students by the Association of Colleges and Secondary Schools of the Southern States.

ADVANCED STANDING

Students who are prepared to enter classes higher than Freshmen will receive advanced standing upon submitting an official statement of college credit and college entrance credit, a marked copy of the catalogue of the college previously attended indicating the courses for which credit is desired, and a letter of honorable dismissal. If credits are presented from a college that is not fully accredited, they must be verified by taking advanced courses in the same subjects. If satisfactory work is done, then full credit will be allowed. Otherwise credits for advanced standing will be discounted.

No advance standing is allowed beyond the Junior year in the case of students who have not attended Athens College before. The last 45 hours must be taken in residence at Athens College.

A T H E N S C O L L E G E

Residence is interpreted to mean either summer school or regular term work. The 45 hours are furthermore interpreted to mean one full year's work or two and one-half summer's work. However, if a student has had at least one year of work at Athens College, he may graduate by attending the last quarter or the last full summer term before receiving his degree.

PRESCRIBED SUBJECTS

Any fifteen units may be selected from subjects that are accepted for admission, *provided not more than four units are offered in vocational and commercial subjects.*

THE COLLEGE LOAD

The normal load for a regular college student shall be sixteen hours of recitation per week. Hours in excess of seventeen shall be charged for at the rate of \$3.00 per hour. Students, who are working in the Industrial Unit, are not permitted to take more than three-fourths of a regular college load. However, for seniors, who have done good work through the junior year, this may be increased to a full load for one quarter.

Requirements for Graduation

The Bachelor's degree is conferred upon all of those who meet the requirements enumerated below. Every candidate must complete, before graduation, 195 quarter hours and secure 195 quality credits. Also for a degree, the student must complete a major and a minor, as outlined on Page 22. The required courses, in quarter hours, are as follows:

FOR DEGREE	A.B.
English	20 hours
*Foreign Language.....	10 hours
Mathematics	10 hours
Science	10 hours
Psychology and Education.....	10 hours
Social Science.....	10 hours
History	10 hours
Bible and Religious Education.....	15 hours
Physical Education.....	6 hours
Electives	94 hours
Total.....	195 hours

Of the elective hours, 15 are free but should be distributed over the last two years of candidacy. All remaining elective hours, in excess of major and minor programs, are subject to approval by the Dean.

Ten quarter hours of Algebra will be offered. Students entering with no high school algebra credit, *and* students not far enough advanced to enter the advanced half of the course, must enter the first half, and must take the entire ten quarter hours to receive any of the credit. Students, far enough advanced in algebra upon entering, may enter the advanced half of the course, and are required to take only five quarter hours in algebra. All students required to take mathematics are required to take five quarter hours trigonometry in addition to algebra.

Only one-fourth of the above may be taken by extension.

The faculty reserves the right to make certain exceptions to the above requirements when facts warrant it.

*A student who does not present two years of a high school language will be required to take two quarters of the elementary work before beginning the required courses.

A T H E N S C O L L E G E

PROFESSIONAL TEACHING CERTIFICATES

In accordance with the laws enacted by the Alabama Legislature and rules of the State Board of Education, upon the recommendation of the President of the institution, Secondary Professional Teachers' Certificates are issued without further examination to graduates of the regular collegiate course who have successfully passed a minimum of courses in pedagogical instruction, designated and approved by the State Board of Education.

Courses of Instruction

ALL COURSES MEET FIVE TIMES PER WEEK AND CARRY FIVE QUARTER HOURS CREDIT UNLESS OTHERWISE SPECIFIED AFTER THE COURSE.

EXPLANATION OF NUMBERING OF COURSES IN THE CATALOG

Courses numbered from 1 to 19 are intended primarily for Freshmen; from 20 to 29 for Sophomores.

Courses 30 to 39, for Juniors; from 40 to 49, for Seniors; 50 to 59, except in *Physical Education, are reading or lecture courses open to any student.

a, following the number of a course indicates the first quarter of a course that continues more than one quarter; *b*, the second quarter; *c*, the third quarter. Thus: Eng. 1a is the first quarter of Eng. 1; Eng. 1b is the second quarter of Eng. 1; Eng. 1c is the third quarter of Eng. 1.

The number of a course is not followed with a letter unless it is a course continued more than one quarter.

LIBRARY SCIENCE

Since knowledge and skill in use of books and libraries is essential in the modern educational policy all freshmen will be required to take an orientation course in library science during the period devoted to registration. This course will consist of 8 hours of lecture and laboratory devoted to the attainment of skill in the use of indexes, bibliographies, card catalog, dictionaries, *Reader's guide*, and other library tools.

1. *Library Administration*

The organization and administration of libraries, and their opportunity and function in the modern world. Special emphasis on school library management. Includes an observation trip to several types of libraries. (Prerequisite to course 30.) 3 quar. hrs.

2. *Library Economy*

Library routines and records. (Prerequisite to course 30.) 3 quar. hrs.

30a. *Classification and Cataloging*

Principles of classification according to the Dewey decimal system and the essentials of cataloging, with emphasis upon the requirements of school libraries. 3 quar. hrs.

30b. *Classification and Cataloging*

Continuation of 30a. 3 quar. hrs.

50. *Library Education*

Training in use of books and libraries, with emphasis on teacher use of the library in gathering materials for enrichment of the curriculum. Includes: Dewey decimal classification, use of the card catalog, general reference tools, such as dictionaries, encyclopedias, indexes, bibliographies. 3 quar. hrs.

MATHEMATICS

A major in mathematics shall include courses 1, 3, 20a-b, 30a-b, 40, 42 and 49. A minor shall include courses 1, 3, 20a and 30a.

- O. Remedial Mathematics: Algebra.....No credit
(For students who offer no credit at entrance.)
- A. Remedial Mathematics: Algebra.....5 hrs.
(For students who offer one unit in this subject at entrance.)
- P. Remedial Mathematics: Plane and Solid
Geometry3 hrs.
(This course, meeting five times a week,
extends through two quarters as one unit.
For those students who offer at entrance
no credit in Plane Geometry.)
- 1. College Algebra. Prerequisite, two entrance units in algebra or Mathematics A. (Required)
- 2. Solid Geometry. Prerequisite, one entrance unit in Plane Geometry.
- 3. Plane Trigonometry. Prerequisite, Math. 1 or special permission based on high school qualifications. (Required)
- 20a. Analytic Geometry. Prerequisite, Courses 1 and 3.
- 20b. Continuation of Analytic Geometry. Prerequisite, Course 20a. 3 quar. hrs.
- 30a. Differential Calculus. Prerequisite, Course 20a.
- 30b. Integral Calculus. Prerequisite, Course 30a.
- 30c. Continuation of Calculus. Prerequisite, Course 30b.
- 40. College Geometry.
- 42. Theory of Equations. Topics treated in this course include complex numbers, theorems on the roots of algebraic equations, constructions with ruler and compasses, cubic and quartic equations. Prerequisite, Course 30a. 3 quar. hrs.
- 46. History of Mathematics. In this course an attempt will be made to trace the development of modern mathematics

The college requires:

1. A Physical Education major to carry a content major, and a minor also.

2. Every student to take an activity course in Physical Education one quarter in each year. Special classes are arranged to meet the individual needs of students who are physically unable to take any of the regular activity courses.)

4. All P. E. majors and minors to take P. E. 11.

5. P. E. majors to take Biology.

6. Biology as a prerequisite for P. E. 34a-b.

7. All Senior P. E. majors to take P. E. 49.

The college urges all prospective students to secure smallpox and typhoid fever immunization at least three weeks before the beginning of the fall term.

SCIENCE

Students may offer for their field of concentration either Chemistry or Biology. They must have a minimum of forty (40) hours in either for a major, or a major in the combined field of science may be taken as a composite major by taking 45 hours. (See page 21)

Students taking only the minimum amount of Science required to graduate may not elect the two quarters from different Sciences.

Students who are majoring in Chemistry must include Chemistry 1a, 1b, 1c, 20a, 20b, 30 and 31. Those minoring in Chemistry must include Chemistry 1a, 1b, 1c, 20a, 20b and either Chemistry 30 or 31. It is suggested that they start their courses as early as possible to avoid doubling laboratory periods.

Note: Child Psychology and Adolescent Psychology are offered in the Department of Psychology and may be credited on a religion major or minor.

BIOLOGY

- 1a. General Biology. The aim of the course is to acquaint the student, by means of a study of plants and animals, with some of the fundamental principles of life, and thus give him a greater appreciation of living organisms. 3 lectures and 2 laboratory periods.
- 1b. A continuation of 1a.
20. General Zoology. Three lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b.
21. Comparative Anatomy of Vertebrates. A comparative study of the structure of a few type forms of vertebrates. Of special interest to premedical students. 2 lectures and 3 laboratory periods. Prerequisites: Biol. 20.
22. Embryology. A study of the development of vertebrates. The chick will be the chief study in the laboratory. 2 lectures and 3 laboratory periods. Prerequisites: Biol. 20.
24. General Botany. Three lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b.
30. General Bacteriology. The course aims to give a general knowledge of micro-organisms and the fundamental laboratory methods used in their study. 2 lectures and 3 laboratory periods. Prerequisites: Biol. 1a-1b. General Chemistry recommended.
31. Human Physiology. A general course in the study of the functions of the several systems of the body. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b.
32. Plant Physiology. A study of the intake of water and minerals, photosynthesis, growth and behavior of plants. 3 lectures and 2 laboratory periods. Prerequisites: Biol. 1a-1b.
34. Genetics. A study of the principles involved in heredity. Prerequisites: Biol. 1a-1b. 3 hrs.
35. Local Flora. Collection and classification of the native plants of the locality. 1 lecture and 2 laboratory periods. Prerequisites: Biol. 1a-1b. 3 hrs.
49. Survey Course for Biology with Comprehensive Examination. 1-2 hrs.

CHEMISTRY

The major requirement in chemistry is a minimum of 45 quarter hours including Chem. 1a, 1b, 1c, 20a, 20b, 30a, 31a, 41a, and 41b.

- 1a. General Inorganic Chemistry. 3 lectures and 2 laboratory periods.
- 1b. Continuation of 1a.
- 1c. Continuation of 1b.
- 20a. Organic Chemistry. The aliphatic and aromatic series of hydrocarbons, including the laboratory preparation of typical organic compounds. 3 lectures and 2 laboratory periods. Prereq. Chem. 1b.
- 20b. Continuation of 20a.
- 30a. Qualitative Analysis. The separation and detection of both cations and anions in simple substances and mixtures. 2 lectures and 3 laboratory periods. Prereq. Chem. 1b.
- 30b. Continuation of Chem. 30a.
- 31a. Quantitative Analysis. The problem side of analytical chemistry as well as the laboratory. Both volumetric and gravimetric procedure. 2 lectures and 3 laboratory periods. Prereq. Chem. 30a.
- 31b. Continuation of 31a.
- 40. Chemistry of Explosives. General study of military and commercial explosives with some laboratory preparations and testing of raw materials and finished products. 3 lectures and 2 laboratory periods. Prereq. Chem. 20b.
- 41a. Physical Chemistry. Properties of gases, liquids, and solutions, homogeneous and heterogeneous equilibria, chemical kinetics, phase rule, colloids, electrochemistry, and thermodynamics. Prereq. Chem. 20b, Math. 30a, and Physics 1a and 1b.
- 41b. Continuation of 41a.
- 45. Electrochemistry. Prereq. Chem. 41b.
- 46. Colloid Chemistry. Prereq. Chem. 41b.
- 49. Survey Course for Chemistry with Comprehensive Examination. 1-2 hrs.

Expenses

Well-prepared, worthy students, who are well recommended, have many opportunities for securing a college education at Athens College, even though limited financially.

The following list of expenses represents the entire cost of a year except books. It is earnestly desired that the students shall not have too much spending money. They do not need it, and the possession of it militates against good collegiate work. Books cost about \$20 for the year.

Checks and money orders should be made payable to Athens College and mailed direct to the President.

Application blanks and further information will be promptly sent if interested persons will address the President, Athens College, Athens, Alabama.

A deposit of \$10 is necessary for the reservation of a room, which amount will be credited on bill rendered at the beginning of the session. This will be refunded if reservation is canceled within thirty days. No refund will be made after August 15.

Any student registering at anytime other than date specified in Calendar for Registration is charged an extra \$2.50.

EXPENSES FOR BOARDING STUDENTS

The prices quoted are based on each quarter's expense being paid in advance. Industrial students are considered to be on monthly basis.

If a nine monthly payment plan is used, \$10.00 is added to the total amount. If longer than nine months is needed, parents must give a 6% interest bearing note for balance at the end of school year. The \$10.00 carriage charge must be paid with the first monthly payment.

Matriculation Fee must be included in first payment regardless of payment plan chosen.

The charges include board, room, tuition in any one department and general medical fee. (Sick and accident insurance for Industrial workers not included. This is computed on cost basis each year.)

T E R M S

1. When two boarding pupils are entered from the same family, a discount of five per cent will be given on the total less fees *where scholarships are not given.*

2. The charge for board is fixed for pupils in health. Therefore, if during sickness expenses for servant's attention, nursing, etc., are in excess of expenses as a regular boarder, a reasonable extra charge will be made.

3. Damage to furniture and all breakage will be charged to the one doing the damage. When this cannot be ascertained, the damage will be assessed against the occupants of the room.

4. All claims of the college must be settled before scholastic honors are conferred, or credits transferred.

5. Books, stationery, etc., are sold for *cash* only.

W I T H D R A W A L S A N D R E F U N D S

Since the College does not operate for profit and all contracts with teachers and officers and for general college expenses are made for the entire year, no reduction or refund of charges will be made for withdrawal from college except in case of protracted

THE SELF-HELP PROGRAM

The College owns and operates several industries in which students may earn all or any part of their actual college expenses, such as, board, room tuition and laboratory fees. For these expenses, a student works on a shift of four hours a day, six days a week, and fifty weeks a year. A student, who remains the entire four years, is guaranteed her entire college expenses, if she has put in the required hours. Students must sign up for at

A T H E N S C O L L E G E

least two years before they will be accepted in this program, as the first year no student can produce sufficient to pay back to the college what the college actually pays out on her. Should a student have to withdraw before the end of the fourth year, she must be responsible for any balance owed to the college, should there be one. For the first 480 hours, a student earns 35c per hour, and is then advanced to 40c. At the end of the second year, a student may be put on piece-rates which in most cases enables her to earn a much better rate of pay. The work is not heavy and is carried on in an air-conditioned building. As many as 250 students are provided employment. For further information write Dr. E. R. Naylor, President, Athens College, Athens, Ala.
